

FIPS Congress, 27th-29thSeptember 2019, Faridabad

Greetings!

It is our great pleasure to invite you to FIPS CONGRESS-2019. The FIPS is a scientific federation of all the physiologists of this country. It is affiliated to the Federation of Asian and Oceanian Physiological Societies. The Association of Physiologists and Pharmacologists of India (APPI), Physiologists Society of India (PSI), Indian Society for Comparative Animal Physiology (ISCAP), and Society for Animal Physiologists of India (SAPI) are its constituent's societies. These societies represent physiologists from medical science stream, science stream, comparative animal science and veterinary science. In addition to its prime duty of facilitating the interaction of physiologists working under various disciplines in India, it also forms the nodal point for the interaction of various physiological societies of the country with the international bodies. It will take place in the ESIC Medical College & Hospital, Faridabad from September 27th to September 29th, 2019. A Pre-conference workshop will be held on September 26th.

The primary goal of the FIPS CONGRESS-2019 is to bring together renowned Physiologists, Scientists and other Academicians & health professionals to share and discuss the current applications & challenges and future innovative approaches & opportunities in the field of Physiology and allied branches. The ultimate objective is to create an environment conducive to promote basic science, applied research as well as clinical applications in field of Physiology for better health.

Call for Symposium leader & Speakers

The selection of Symposium leader and speakers will be performed in a transparent and unbiased manner by a scientific committees after a nomination procedure and it is open to all the Physiologists, Academicians & Scientists.

Please submit your proposal till 30th April, 2019 by email attachment to: fipscongress2019@gmail.com

After this date, the scientific committee will review the suggestions and select the best themes to develop an exciting scientific program.

Policy for selection of theme of Symposium & Symposium Leader: In addition to scientific excellence, the committee, when making its selection, will take into consideration the theme of the symposium, contribution of symposium leader in the relevant research fields and number of research paper published in the relevant area of the research in PubMed indexed journal.
